### PROJECTS

o [My Portfolio](#)

I created my own personalized website using HTML, CSS and little bit of JavaScript. Click the above hypertext link to view my portfolio.

o Pizza Store

- Developed a JavaScript-based pizza store web app using the MVC design pattern, integrating Bootstrap for responsive design.

- Proficient in asynchronous programming with Promises, async/await, and DOM manipulation.

o Counter App and Calculator App

- Developed a Counter App and Calculator App using ReactJS, mastering React setup and basics.

- Utilized Virtual DOM (VDOM) for efficient UI updates.

- Implemented functional components and leveraged React Hooks for managing state.

o Music App

- Implemented a dynamic Music Application using the React JS with a user-friendly multi-page structure.

### SKILLS

o TECHNICAL SKILLS: Java, C++, HTML, CSS, JavaScript, React JS, MongoDB, MS Word, MS Excel.

o NON-TECHNICAL SKILLS: Event Management, Leadership Skills, Communication Skills.
